SCHOOL NEWS

The count down is on...

With only a few weeks of term remaining we have a lot on the calendar, including Graduation, Presentation Assembly and Pool Party, along with class parties. If your child is receiving an award at the Presentation Assembly or being announced as a leader for 2026 you will receive notification from their teacher inviting you to attend. This is being held in the BER commencing just after 9am. It is expected to finish around 11am.

A reminder that notes for the Pool Party and Year 6 Celebration Day need to be returned, along with payment. Year 6 t-shirt orders and payment are due now, in order for these to be sent off in time for the shirts to arrive at the start of the 2026 year.

Supporting your child with new social media age restrictions

From 10 December 2025, the Online Safety Amendment (Social Media Minimum Age) Act 2024 requires social media platforms to:

- Prevent anyone under 16 from holding a social media account
- Deactivate or freeze existing accounts of users under 16

These changes are designed to protect young people's wellbeing and give them more time to develop real-world and digital literacy skills. The responsibility to enforce these rules sits with the platforms, though can be supported by parents, carers, children and schools. Most major platforms will be affected, including Facebook, Instagram, Snapchat, TikTok, X, Reddit and YouTube. Messaging services, online games and apps used for health or education are not included.

How families can prepare...

Parents and carers still play an important role in online safety. Visit the **eSafety** website for information about the new age restrictions and tips for discussing these changes with young people.

At our school, all age-restricted social media platforms are blocked on the student network and restrictions are already in place in regards to accessing YouTube for learning purposes. For updates and support, visit the eSafety website and subscribe to their newsletter.

Canberra 2025

Students from our school have recently undertaken an education tour of the national capital. Students were given the opportunity to participate in a variety of educational programs with a focus on Australia's history, culture, heritage, and democracy.

The Australian Government recognises the importance of all young Australians being able to visit the national capital as part of their Civics and Citizenship education. To assist families in meeting the cost of the excursion the Australian Government contributed funding to our school in the amount of \$45.00 per student under the Parliament and Civics Education Rebate program towards those costs. The rebate was paid directly to the school upon completion of the excursion.
